

10,000 mAh Power Bank with USB-C Power Delivery 20W

SKU: UQBB10000PD20SLIM

Fast and compact charging for all your devices, with dual high-power output

Take advantage of the **10,000 mAh** capacity in an extremely compact and lightweight body of just **160 g**. With dimensions of only **98 × 68 × 14 mm**, this power bank is perfect to take anywhere, providing reliable energy for smartphones, tablets and other portable devices.

USB-C Power Delivery 20W

The **USB-C port** supports **20W Power Delivery (PD)** technology, ensuring fast and safe charging for compatible devices such as smartphones, tablets or wireless headphones. Additionally, the same USB-C port can also be used to **recharge the power bank itself** using the **USB-A to USB-C cable included in the box**. A versatile solution that lets you quickly recharge both the power bank and your devices with a single cable.

USB-A Adaptive Fast Charge 22.5W

The second **USB-A output** delivers up to **22.5W** thanks to **Adaptive Fast Charge** technology, which automatically adjusts the charging speed based on the connected device. Perfect for fast charging Android smartphones and other compatible accessories.

Slim design and extreme portability

With just **14 mm thickness** and a weight of **160 g**, this power bank is designed to fit easily into your pocket, backpack or handbag. Its minimal and modern design makes it the ideal accessory for anyone looking for both power and convenience in a single product.

Safety and reliability

PD and AFC technologies protect your device from overcharging, overheating, short circuits and overvoltage, ensuring stable and safe charging in any situation. All your devices remain protected, even during intensive use.
