

Car Charger with Power Delivery 30W USB-C and USB-A

SKU: UQCRPD30W

Quickly recharge your devices in the car thanks to Power Delivery technology

The 30W USB-C and USB-A car charger provides fast, simultaneous charging for two devices on every journey. Compatible with cigarette lighter sockets and standard 12V car outlets, it features 30W Power Delivery and Adaptive Fast Charge to power smartphones and accessories faster than standard 5W car chargers.

Charging and power

Can I fast-charge my smartphone in the car?

Yes. The USB-C port with Power Delivery technology delivers up to 30W, allowing compatible devices to charge faster than with standard 5W car chargers.

Can I connect a second device as well?

Yes. The USB-A port with Adaptive Fast Charge can power a second compatible device at the same time, allowing you to share charging without using another adapter.

Do both ports provide power at the same time?

Yes. The USB-C and USB-A ports can be used together to charge two devices while travelling. Actual power output depends on the connected devices and the charging protocols they support.

Safety and compatibility

Does charging protect the battery?

Yes. Power Delivery and Adaptive Fast Charge regulate power according to the compatible device, providing more controlled charging than a charger without intelligent charging protocols and helping reduce the risk of overcharging.

Which car sockets is it compatible with?

It is compatible with cigarette lighter sockets and standard 12V car outlets, so it can be used in most cars.

Which devices can I charge?

You can charge smartphones, wireless earbuds, navigation devices, power banks and other devices compatible with USB-C or USB-A.

Everyday use and convenience

Is it useful when travelling with other people?

Yes. The two ports allow you to charge two devices at the same time, making it a practical solution for shared cars, long journeys and business trips.

Does it take up much space in the car?

No. Its compact 23 × 48 mm size is more discreet than larger car chargers and it can remain plugged in without cluttering the console.

Is it also suitable for everyday use?

Yes. It is designed for daily commuting, frequent journeys and travel, keeping smartphones and accessories charged while you drive.

WHAT'S IN THE BOX

- 1 30W car charger with USB-C and USB-A ports

Car Charger with Power Delivery 30W USB-C and USB-A
SKU: UQCRPD30W

Technical data

SKU: UQCRPD30W

Weight: 30 g

Output power: 30W

Recharging time: N/A

Maximum output power: 30 W

EAN: 8018417517501

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking

Color: orange

Input: 12/24 V D.C. 2.5A max

Output: 5V D.C. 3A, 9V D.C. 3A, 12V D.C. 2.5A, 5V D.C. 3A / 9V D.C.

3A / 12V D.C. 2.5A (PD 30W)

Connector: 1xUSB-A, 1xUSB-C

Plug type: Cigarette lighter/12V socket

Technology: Adaptive Fast Charge, Power Delivery (PD)

Charging type: Power Delivery 30W

Input voltage: 12/24 V
