

30W GaN charger kit with USB-C port and 1.5m braided cable

SKU: UQTRKITGAN1C30W

A complete solution for charging compatible USB-C smartphones, tablets and laptops

The Mini Cube 30 kit includes a 30W USB-C GaN charger and a 1.5-metre braided USB-C to USB-C cable. It is a complete solution for charging compatible smartphones, tablets and USB-C notebooks faster than standard 5W chargers, while offering greater efficiency and a more compact design than traditional models using silicon semiconductors.

Charging and power

Can I charge more powerful devices too?

Yes. Power Delivery 3.0 delivers up to 30W and is suitable for compatible smartphones, tablets and USB-C notebooks, including selected MacBook Air models. Actual charging speed depends on the power supported by the device.

Is charging faster than with a standard charger?

Yes. On compatible devices, 30W allows faster charging than standard 5W chargers.

Does the power adjust automatically?

Yes. Power Delivery 3.0 negotiates power with the connected device, providing more efficient charging than a power adapter without dynamic power management.

Technology, safety and cable

Why choose a charger with GaN technology?

Gallium nitride provides greater efficiency and lower heat dissipation than traditional silicon semiconductors, allowing the charger to remain compact while delivering high performance.

Is the cable already included in the package?

Yes. The kit includes a 1.5-metre Premium USB-C to USB-C cable, ready to connect the charger to compatible devices.

Is the cable durable?

Yes. The braided outer layer offers greater resistance to wear than standard cables with a smooth PVC coating, making it suitable for everyday use.

Is charging safe?

Yes. Power Delivery adjusts the power output according to the compatible device, providing more controlled charging than chargers without intelligent charging protocols.

Compatibility and portability

Which devices can I charge?

The kit is compatible with iPhones, Android smartphones, tablets, compatible USB-C notebooks and other devices that support Power Delivery.

Is it easy to carry with me?

Yes. The charger measures 55 × 35 × 35 mm and is more compact than many traditional notebook power adapters, so it fits easily into a bag, backpack or suitcase.

Is it ready to use?

Yes. Both the charger and cable are included, so there is no need to purchase additional accessories before you start charging.

WHAT'S IN THE BOX

- 1 Mini Cube 30 wall charger
- 1 1.5 m braided USB-C to USB-C cable

30W GaN charger kit with USB-C port and 1.5m braided cable
SKU: UQTRKITGAN1C30W

Technical data

SKU: UQTRKITGAN1C30W

Weight: 0.1000 g

Output power: 30W

Maximum output power: 30 W

EAN: 8018417544866

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking

Color: white

Input: 100-240 V A.C. 50/60 Hz - 0.8 A

Output: 5V D.C 3A/9V D.C. 3A/12V D.C. 2,5A /15V D.C.2A/20V D.C. 1,5A (PD 30W)

Connector: 1xUSB-C

Plug type: EU

Technology: GaN, Power Delivery (PD), Programmable Power Supply

Charging type: Power Delivery

Input voltage: 100 - 240 Vac / 50-60 Hz

Included accessories: 1 USB-C power cable
